DETAILED ACTION

Response to Amendment

1. The reply filed on 3/1/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): This application also contains claims directed to the following patentably distinct species of the claimed invention: Group I includes several patentably distinct species for a signal transmitting method in a base station as evidence in the multiple embodiments disclosed in figures 14-17,19,23,24.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, no claim is generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
